

Jianda Measuring Tools Co., Ltd. is located in Yucheng, Henan Province, which is the largest production base of steel tape measures in China.

Jianda Measuring Tools Co., Ltd. is a company specializing in the production and operation of steel tape measures, screwdrivers, utility knives and knife blades. The products adopt international standards, have excellent equipment and advanced technology. With high-quality products and excellent after-sales service, the company has won the trust of customers both at home and abroad. Our products are exported to countries all over the world, such as Europe, North and South America, the Middle East, and Africa.

Our company can provide you with more than 50 series and 160 different specifications of steel tape measures, including white, yellow, metric, imperial, and all-english systems, ranging from 1M to 100M in length, and from 6MM to 25MM in width. We can also customize various models and specifications of steel tape measures according to your requirements.

Our company can provide you with various types of utility knives and 9MM, 18MM utility knife blades. The thickness of the knife blades can be customized, such as 0.3MM, 0.33MM, 0.4MM, 0.5MM, 0.6MM.

Screwdrivers and other hardware tools can also be customized.

The company adheres to the principle of "craftsmanship must be excellent, integrity first". We welcome domestic and foreign merchants to visit, inspect and negotiate business.
